MULTI TASKING 9-1-1 SIMULATORS

DISPATCHERS' FIRING RANGE 3 MODELS

BASIC \$16,895.00

Most affordable, no Internet, plug and train. Best use for call taking, radio dispatch full evaluations. Use with protocols, CAD for multiple phones, radio. Trainee has one screen.

PLUS \$20,950.00

Added TEXT to 9-1-1 and agency mapping. Full Trainer documentation, audio recordings. Completely customized call types and responses. Customized ring down lines.

PRO-COMM \$24,950.00 (see above)

Added third screen continual public safety radio (customized) ON AIR. Best for skills training for radio ear, split ear, multi-tasking, and focus. Has full customization. Complete documentation. Preferred by Comm Centers

WHAT COMM CENTERS LOVE ABOUT 9-1-1 REALITY

- Setup does not require IT - a stand alone system with a secure router.
- All models send trainees to the floor with full documentation.
- Training accountability; audio recordings, logs, trainer real time observation.
- Faster readiness and quicker recognition of trouble areas pre-floor.
- State of the art equipment and 100% reliable software, warranty and online support.
- Our staff is in the office, answers phone, email and chat Mon - Fri PST 0800-1400!
